Dear Pet

ROYAL
MILLS

My last weeks letter
did not live home until last
Friday you know how some
times things will get put off
will that was the way with
my last weeks letter (Mrs &
I went down to see the picture
he looks very well but do not
like the idea of waiting until
the 23 of July for the trial
this will be the hardest thing
this waiting I could not do. Mr. Sher-
man he was very glad to see
me & said that he would
let me know when he had
set the time for his dep-
arture & I expect he will see
Theo before he leaves so will
have a word from him to
you & will try to send you
a pair of shoes a pair of ties
if I thought you would
like them for your
I would send the ties of
that color I am going to send
that in a box I had that
you wanted to make a
mess of do you remember
it will make you a very
cold meat use what you
want & keep the rest as a
good present or relish I received
Theo letter from you all right
Monday 2nd just home from Theo
he spent a very quiet day yesterday
he sends his love to you I think
you room must be very lovely
you will not like your room
at home any more will you

I would like very much to
be with you & help to arrange
the furniture I am so glad to
know that you would have such
a pleasant home it goes a long
way to comforting me at
this time answer me all the
questions I asked you in my
last letter dont forget in all
my letters I have tried to
thank you & would like to
have you room & fixed but
every thing I try to thank
I married up in Mrs. Tubble
& I am no farther along what
I get through I do not know
what is the matter with them
Dink or paper & gave up the
other paper & ink & this seem
to be worse dont you think
so I will have to leave you
to arrange you room you self
& tell me just how it looks &
don't know how I like so
many folks to come in the
same house with you it is
so nice & quite nice & you are
the pet as it were & Mrs. Bushe
pays you a great deal of atten-
tion when if there are more
girls in the same house it
might be different you know
I never care to have a crowd I
would rather visit I think you
in joy it better & you have more
time to you self do not give up
your room for anyone that is
the only piece you will ever
have so keep it to you self dont
forget that I called on Mrs. Hall
as I came home today & she
told me some things that is
so ridiculous for any thing I will
tell you just to show you what to
expect when the trial opens that
is from the prosecution it was
the one day one of the married

women of the Church wanted
a book of reference & met Theo
so the story goes & he said come
to the Church & I will get it for
you so that went & when she
was up on the ladder she happened
to look around & lo & behold
there stood Theo perfectly meed
& she run out & never staped
until she got home she never
told her husband until
she heard of this & he said you
go down & tell the Chief of
Police what do you think of
that I want to laugh they
want to find something that
will do because they cannot
find any blood so there is one
of the stoups that will do in-
stead making of out that he
committed the crime in a
meed stated & I dont want any
blood see so be prepared for
any thing you hear dont
say Mrs. Board & Mary just
called for you address I told
Jack that you said not to
send any letters in you name
so here will come the same
an paper Mrs. D is lots of fun
she has had me laughing
all the time she has been in
she is going down to see
The Tompkins take him some
Jam & ask him if he is in the
Crimin posing as living
pictures viewing the above
stoups, Oh she is jolly & with
Mary just the baby in
spat about she says she
looks so concerned & gush she
does I think I get enough
writing instead of letters
Mary is going very stout
that is a very bad finger to
her you want her to look nice
when you come home that is

if you can put it in a way
that won't offend her in any
nice kind way I think she
is in a level to be a little
cooler about herself don't
say any thing if you think it
will hurt her or make her think
I speak about it the baby is
lovely little girl I suppose you
send her lots of kisses when is
her birthday you will have
to send her a spoon won't
you tell me how much that
I have send it home with
Nana she never court you then
it will be ready from her
I hope Allah made I can
keep it until her birthday
days after my letter go I think of
lots of things I want to say
but when I am writing I for-
get I suppose you have seen by
the papers that the steamer
Calima Tom Barrie was on it is
reported that by a survivor that
Tom would not leave his room
page boy I hope he will turn up
yet the detective that arrested the
found out that Thom & Theo were
out together when he was last
in port & when the steamer
arrived they detective gave down
on nab him before he could open
his mouth & took him to Chief
Crawley to see what he knew
about Theo I think he was too
fond of Theo to say any thing
that would hurt him in fact
I do not think there was any
thing to say but in recent
pleasure Mr Good says he
is going to get salad with
the head of Helix the Sheriff
after this for as she says that
you never know what will

she teaches 5 Papa Coade &
says that she will not have
any masons on the fence
because Blanch's father
was a mason's daughter
& that they will spare no money
to ~~have~~ prosecute the murder
of Blanch when you write
to may tell her to have her
father & Jack & all of the
masons that they know
to take their part that is
to tell all that is good of
him send a little note to
Mr. C. in Maryland that will
please him as he was very
fond of you & I will be
a gentle reminder please
write him to do his best
best as he never knows
any thing of the
Clara Coade was in
to see me to day she is
delighted with your success
Oh my dear I am so per-
sued of you & your letter
her father & mother have
moved to Mr. Gallows
ranch near Blounton &
that have a lovely ranch
you know it is lovely
then she says I would come
& visit them sometime
she also hoped that she
would prove her self
what he was innocent
Did you get that letter I sent
to you in a telegraph envelope
in a paper to him if I send
you a true pair of ties I will
send her to reach
I don't think we will receive
the paper about Blanch

I am so glad if you are not
here my dear it would be such
a waste of time for you to be
like me my manic is started
again & so I would you be
if you were here take good
care of you self in every way
how is Mad, I will be sure to
sit up at least no word should
be given in all your & never
eventually you know I am very
proud of you my here I get
ing gray I washed it in sage
to day do you know I was
thinking that Saffron tea might
it be good to wash blond hair
in if you want some I think I
would try it it is a yellow flo-
wer & the tea is yellow if sage is
good for darker that might lighten
you for blond water on it
I never heard of it but if one is good
what not the other see I am
redding I will make me
think that some day you
will write a book or keep your
journal so as to copy from see
Black feather has 3 sweet little ducks
just received a letter from Mamma
Papa is trying to wiggle through
it I think if I keep dancing so
badly as I have I am writing this
time I will soon be as bad as
her may I think as I do that
the young people Joseph has
healed you very badly never
to send you a word of sympathy
do not write to any of them
now even if any of them should
write now
I do not know of any
thing more to say but now
so with lots of kisses & a
last warning to take care of you
self & my God bless you my
darling god night & namo
